Wellsprings Geography Action Plan 2022/23

Strengths from 2021/2022	Areas to develop and plans 22/23
<ul style="list-style-type: none"> - Geography policy created - The geography audit identified that there is good geography coverage in most year groups - The school environment makes for a geography rich environment – the conservation area, the pond and EYFS grounds 	<ul style="list-style-type: none"> - To raise the profile of geography across the school so we can ensure we are developing children’s curiosity and fascination for the world around them. To do this I propose the following... <p>Geography Week – 26-30th September Kick off with European Day of Languages on Mon 26th Sept Whole school competition - Tourist guide for their local area for visiting relatives. X3 Prizes - 1 for EYFS, 1 for KS1, 1 for KS2. Use x3 of the inflatable globes as the prizes. Cross curricular links with MFL and literacy. Each class will use an Oliver Jeffers fiction book as a talking point. Community links is a weakness as a school. To counteract this, I am proposing: Each teacher focus on a country that has direct links to a child in their class. We are hoping we can encourage parents to come in and do a QA with the class their child is in. Getting each teacher to do something in the community...a walk to the local park, library for example.</p> <ul style="list-style-type: none"> - Create a scrapbook of outstanding geography work throughout the school. - Using the GA membership to keep up to date on upcoming geography competitions and CP opportunities. Use the resources to support teaching and learning. - Some teachers could make more use of some of the outside spaces for learning opportunities.
