WORLD WAR 2
**ANDERSON
SHELTERS**
BY FOX CLASS

As part of a history project on
World War 2, the children
designed their own bomb-proof
shelters. Some designs include beds
and a stove - take a

ART

People in Action

First we started by looking at some photos by
artists and drawing matchstick people. Then we
moved on to the 'In-You' Exchange. A thinking of
each section of the book at a bit of a time.
Then the children had their photo taken in their
chosen of action pose and using the techniques we
had learnt, sketched themselves.

Finally we transferred these skills to making a
Class of Characters in 3D Models!

'A Rocket'
By Yellow group

Children made these
as a piece of
creative work.
If we made them please
the boards behind the
my Bubble paintings.

Teddy Bears

By Dornice Class
Years 1 and 2

Milly

Sam

Ashton

In our topic 'art' we learnt about the history of teddy bears. We have enjoyed developing our drawing skills, using sharpening pencils to create texture in our observational drawings of teddies.

Ben

Oliver

Quincy

Marley

We enjoyed bringing to school our favourite teddy from home for the day. We used watercolour paints and pastels to create a picture of them. We all loved the special teddies bear's picnic at the end of the day!

Puppets

Badger Class
Year 1 and 2

We had lots of fun in
Puppet Week!
We designed and made our own puppets
and used a soft material to
make the head of the puppet.

Bees visit flowers to drink the nectar and collect pollen to make honey.

Some pollen brushes off when the bee visits another flower to drink nectar.

The pollen helps the flower to make new seeds.

We have some beautiful blossom trees in our school field.

Do you think the blossom looks pretty?

Madison

Eliot

Teddy Bears

We have been looking carefully and working hard on our observational drawings. We have been adding detail to our drawings!

Indian Art

Indian Art
During a trip to India the children at Burnt Oak
and made various Indian Rangoli and Henna
patterns. They used a number of different
materials including coloured clay.

Created by the
children in Year 2/3

James Rizzi

James Rizzi

James Rizzi

James Rizzi
A lot of these were made during his
lifetime. He was a very generous
person and would often give his
work to friends and family. He was
also a very kind and generous
person.

Self Portraits
These girls' drawings are based on photographs of the children. The children used a grid to help them create images of themselves.

*A group
collaboration
by Nursery*

The display board is a vertical structure with a blue border, divided into three horizontal sections. The top section is titled "Eight/Prison cells by Green group" and contains several small photographs and text boxes. The middle section is titled "Disorder garden by Purple group" and also features photos and text. The bottom section is titled "A class collaboration by Nursery" and includes a large, colorful craft display made of cardboard and paper, decorated with bright circular patterns. A small sign at the base of the display reads "A group collaboration by Nursery". The board is set on a green fabric base.

A smaller display board with a blue border, similar in style to the larger one, positioned in the background. It contains various images and text, including a prominent red and white graphic.
